OL 20441-83

2 June 1983

MEMORANDUM FOR: Chief, Building Planning Staff  
Office of Logistics

FROM:   
Chief, Security Education Group

SUBJECT: Request for New Building Slides

1. It is requested that your office provide the Security Education Group (SEG) a variety of available slides of the proposed new Headquarters building. As you know, SEG conducts Entrance on Duty and numerous other security briefings, all of which deal in varying degrees with physical security, enhancements, and security procedures on the compound. The addition of these slides would, in our opinion, be of considerable help to us in attempting to make a more interesting and meaningful presentation.

2. SEG would appreciate your favorable response to this request. Please contact  or myself on extension  if you have any questions.
